

NUAMES Policy and Procedures  
277-487: Public School Student Confidentiality  
Revised: September 25, 2013  
Approved: October 23, 2013

1. FERPA and Its Protections

The Family Educational Rights and Privacy Act (FERPA) is a federal law that protects the privacy interests of students. It affords parents the right to access and request their children's education records be amended, and gives them some control over the disclosure of the information in these records. FERPA generally prevents schools from sharing student records, or personally identifiable information in these records, without the written consent of a parent, except as provided by law.

2. NUAMES complies with all FERPA regulations and provides employee training regarding the confidentiality of student records annually.

3. An outline of FERPA regulations can be found on the Davis School District website: (copy and paste)

A link to that document will be maintained on the NUAMES website as well.
